As the Journal challenges us to the task, we will state what we know. We know that Messrs Burchard and Colley are, or were Know Nothings. Mr. Hopkins is said by well known Know Nothings, who claim to know whereof they affirm, to be, or to have been a Know Nothing .-Nor does the Journal deny that he was one, or that the senior editor, Col. Gov. Bashford, then, since the Journal compels us to say it, appointed Mr. Hapkins Private Sec'y, who, we have good reason to believe, was a K. N. He tendered the office of Sup't of Public Instruction to Mr. Colley, who was a Know Nothing. He appointed Messrs. Colley and Burchard, both of whom we know were K. N's, appraisers of University Lands. Here, then, are the best offices in his gift bestowed upon, or tendered to Know Noths ings. Mr. Rablee claims that he never was, though his partner-Col. Atwood-was a Know Nothing. The office of Librarian went into the firm, lighting upon the junior partner, and the salary derived from it enables the Librarian to edit his paper sitting in the Library, by the line of policy pursued by presses like and those who favor the Mass Convention.

That the men named are not qualified to diss charge the duties of their respective offices, tion, for all practical good that it can accomto office, as Gov. Bashford did, with the notorithe Know Nothings and under strong suspicions that he was pledged to favor them, it is unfortunate for the party, that his appointments have confirmed these suspicions, and have been made almost exclusively from that class who either were, or have been Know Nothings, or from those who united with them as personal manding abilities, that the necessity of their say a ainst it. The Journal is the special organ of the Governor, its editor is his appointee, eats bread of his bestowing, and is in constant communion with him. Its statements, therefore, go forth it. Its assurance that "the great mass of foreign birth feel perfectly competent to take care of themselves, without any special oversight on his [our] part," is a worse display of arcogance than that which it affects to rebuke. We make no distinctions in our advocacy of human rights on account of birth, and therefore don't accept such assurances as gospol, because the one who makes it is foreign-born. Mr. Sanford is no better, and entitled to no more privileges or muthority to speak for the party, on account of ming foreignsborn.

If the Advocate can see no impulicy in abuse ng and trying to read out of the party a large class of Republicans, it may account for its course, but does not justify its intimation that we intend to destry the Republican party. Recent Murders in Kansas by the Border

The following is an exaract from a correspondence, in the St. Louis Democrat, dated Leavenworth, May 21st:

Mr. Stuart, a young man, the only son of an eminent lawyer in New York, was murdered on the highway by a band of the law and order posse yesterd w forenoon, when riding towards Lawrence. He was one of the officers of the Topeks House of Representatives

Another northern squatter, named Jones, forton's bridge by a party of marauders from the camp near Franklin.

A Delaware Indian was shot, and supposed to be mortally wounded, near Sarcoxie's, by another law and order detail; rumor has it that they were part of the Platte company who started from Delaware on Sunday. Another squiter, who lives a few miles up the

Monday night. All these cases are well authenticated.

Fourteen men have been shot at within the last nine days -- irrespective of the two murdered and two fatally wounded men already mentioned-in the vicinity of Lawrence. by parties of Governor Shannon's "legally organ ized posse." A list of their names is preserved. and will be produced at the proper time. Horses, revolvers, rifles, shot guns, knives,

and oxen have been taken every day from equat ters, met and overpowered on the highway. The chivalry of South Carolina here have a talent that way. Monday morning, a party came upon a man

plowing in a field two miles north west of Laws rence, took three oxen from him, drove them off to their camp, and killed them for the use of "legally organized" militia.

Body Found.-The Newport Mirror of the 27th inst., says ·

The body of an unknown man was found in the river about a bundred yards below this place, on Sunday last. It was supposed to be the body of Jacob Weaver, who was drowned in the Della some three weeks ago.
